

Research Assistant

Job Description:

Graduate student wanted to work part-time (16-20 hrs.) as a research assistant in the Tobacco Prevention Center. Must have an interest in tobacco and clean indoor air. Good clerical, writing, and presentation skills are essential. The position also requires working with community volunteers and high school advocates, preparing materials for trainings, participating in coalition meetings and fundraisers, and some evaluation of existing programs.

The Tobacco Prevention Center is located on the 3rd floor of the Salus Center, within the SLU School of Public Health.

Those interested should contact Pat Lindsey at 977-8104 or lindseyp@slu.edu to schedule an interview.
