

# Full-Time Employment Opportunity

## Now hiring a Project Manager!

### What is Transtria?

Transtria is a public health research and consulting company that strives to unite people, places and policies to revolutionize public health. Transtria works with a variety of community organizations, universities, government agencies and foundations to provide knowledge and expertise in five core service areas: design & planning, intervention, technology, evaluation and translation.

### Who we are looking for?

A self-motivated individual with a Bachelor's and/or Master's degree in public health or a related field such as policy, communications, environmental studies with an interest in health. Two years of practical experience are preferred.

### Position description

As a Project Manager for Transtria, you would have the opportunity to manage projects for clients such as the Robert Wood Johnson Foundation, the Missouri Foundation for Health or the Centers for Disease Control and Prevention. Your responsibilities may include: strategic planning; staff management; intervention development; research design and evaluation; dissemination; promotion; reporting and grant writing.

### Compensation

Salary ranges from \$40,000-\$60,000 per year based on education and practical experience; excellent health benefits; matching Simple IRA.
